# Closure of Strood and Higham Tunnels

You may be aware of disruption to train services in recent years due to chalk falling from the unlined sections of Strood and Higham tunnels.

In order to restore the line speed back to 70mph and to ensure safe, reliable train services for the long term, **Strood and Higham tunnels will close on 17<sup>th</sup> January 2004 for 12 months** whilst essential maintenance work is carried out.

Both Higham and Strood stations will remain open, but there will be no train services through the tunnels between these two stations. A regular replacement bus service will run instead which will add around 30 minutes to journey times into London.

Full details of changes to services are shown in pocket timetables numbers 5 and 13. These details are also shown on posters at stations affected and are available by calling National Rail Enquiries on 08457 48 49 50 or South Eastern Trains Customer Services on 0870 6 03 04 05.

We are sorry for the obvious inconvenience this will cause and we hope you will understand the need for this vital engineering work.
